DISASTROUS FIRE IN RUSSIA.

FIFTY-FOUR BLOCKS OF BUILD-  
INGS AND SEVENTY LARGE  
WAREHOUSES BURNED.

Other Foreign News of General  
Interest.

National Associated Press to the Star.  
DISASTROUS FIRE IN RUSSIA.

St. Petersburg, Oct. 10.—A serious con-  
flagration occurred in Riagen, near Moscow,  
destroying an immense amount of valuable  
property. Twenty-three blocks of stone  
houses, thirty-one blocks of wooden houses  
and seventy large warehouses, valued in the  
aggregate at over 2,000,000 roubles, were  
destroyed. The fire is supposed to be the  
result of Nihilist incendiarism.

BISMARCK'S SPEECH.  
BERLIN, Oct. 10.—Prince Bismarck partici-  
pated in the discussion on the Socialist  
bill yesterday and admitted making com-  
munications to the London Times during  
the sitting of the Congress, in order to influ-  
ence public opinion in England. He said  
he would examine any positive proposition  
of the Social Democrats for ameliorating the  
condition of the working classes, but they  
were brought face to face with the simple  
negative with the overthrow of the State  
and society as their only principle.

The Socialists played an easy game with the half  
educated and ignorant masses whose gospel  
negation sought and found a suitable soil  
in Germany in 1870 after the overthrow of  
the Commune. The machinations of the  
Socialists, he said, had caused the present  
commercial inactivity. His policy, he said,  
was entirely free from any hidden tendency.  
If Parliament was more afraid of Bismarck  
and the Government than they were of the  
Socialists, then others who more than pos-  
sessed their confidence must take the place  
of Bismarck and the Government. Herrs  
Harrell, Bruck and Sonnemann followed.

THE NEW KING OF BURMAH.  
LONDON, Oct. 10.—A dispatch from Madag-  
ascar, says the new King of Burmah has  
issued a decree considerably relaxing the  
customs duties of the ports, and has also  
lightened all internal taxation.

ROSS RUSHING ONWARD.  
A Simla dispatch says it is reported that  
General Ross' column had passed Alinushia  
and is advancing on Dacca.

GIVE HIM A WARM BATH.  
MADRID, Oct. 10.—King Alfonso is ill with  
a severe cold.

HE IS AGAIN INSULTED.  
MUNICH, Oct. 10.—A warrant of arrest has  
been issued against Baron Lenden, the  
King's Chamberlain, for circulating a  
pamphlet entitled "The Regeneration of  
the German Empire," and which is deemed  
an insult to the King.

A RETREAT SUSPENDED.  
CONSTANTINOPLE, Oct. 10.—The Russian  
retreat from Adrianople has been sus-  
pended, General Skobeleff having received  
many petitions from the Christians com-  
plaining of the frightful cruelties perpe-  
trated everywhere immediately that the  
Russians disappear. The Porte has been  
informed.

UNDER THE WALLS OF CONSTANTINOPLE.  
LONDON, Oct. 10.—A special dispatch  
from Berlin to the London Times says that  
in consequence of the outrages committed  
upon Christians in Roumelia, the Rus-  
sians have occupied Tchaumedi and Tchata-  
aldja. The Russian forces remain under  
the walls of Constantinople.

THE LIGHT-HOUSE IS STILL THERE.  
The reported destruction of the Eddystone  
light-house during the storm on the English  
coast is pronounced false.

UNEASINESS IN GLASGOW.  
LONDON, Oct. 10.—According to special  
cables to-day a very uneasy feeling prevails  
in financial and business circles in Glasgow.  
Very great indignation is expressed in re-  
gard to the reckless management of the  
broken bank.

THE ELECTIONS.  
Ohio.  
Special to the Star.

COLUMBUS, O., Oct. 10.—The returns show  
Republicans gains in sixty-eight counties  
and Democratic gains in fifteen. The Con-  
gressional delegation as elected stands eleven  
Democrats to nine Republicans, and the  
Republican majority in the State will run  
from 5,000 to 8,000. The following Con-  
gressmen were elected: Democrats—McMa-  
hon, LeFevre, Hill, Hurd, Finley, Converse,  
Ewing, Dickey, Warner, Atherton and Geddes.  
Republicans—Butterworth, Young,  
Keifer, Neal, McKinley, Monroe, Updegraff,  
Townsend.

INDIANAPOLIS, Oct. 10.—The returns yester-  
day were more favorable to the Demo-  
crats, and their majority will reach nearly  
12,000 on the State ticket. The Congress-  
men elected are as follows: Republicans—  
Heilman, Brown, Calkins, Baker, Cowgill,  
and probably Orth. Democrats—Cobb,  
Bicknell, New, Myers, Hostetter and Cole-  
rick. National—De La Matry.

The Senate will stand 24 Democrats, 25  
Republicans and 1 National. In the House  
the Republicans will probably have 45,  
Democrats 31 and Nationals 4.

West Virginia.  
WHHEELING, Oct. 10.—The returns show  
that without doubt the three Democratic  
Congressmen are returned, but the majori-  
ties are decreased and Republican gains  
show in every district. Greenbackers have  
carried three counties in the Charleston  
District, electing all the county officers.  
The scratching in this State was simply  
enormous.

Iowa.  
DES MOINES, Oct. 10.—Returns indicate  
surprising Republican gains all over the  
State, and the State Register estimates the  
majority at 15,000. In the Seventh Con-  
gressional District, last night, Gillett, the  
Greenback Democratic candidate, had 836

majority, with one county, Adair, to hear  
from, which will reduce his majority 600.

Dubuque, Oct. 10.—S. P. M.—Updegraff, for  
Congress, and Brogg, for District Judge,  
Republicans, are elected by from 1,000 to  
1,500 majority. Fonke, Democrat, has 600  
majority for District Attorney. Spangler,  
Greenback candidate for Congress, polled  
1,200 votes. The Democrats have carried  
the county.

Cedar Rapids, Oct. 10.—The Republican  
county ticket is elected. The majority on  
the State ticket in this county is from 700  
to 900. The Greenbackers carried the  
townships.

Davenport, Oct. 10.—The Republican  
victory is complete. Some of the Demo-  
crats scratched all the Greenbackers from  
their tickets. The Greenbackers voted the  
State ticket blank. Price, Republican, for  
Congress, is elected.

The New York Press on the Result.  
THE SUN

this morning says: Upon the whole the re-  
turns seem to warrant the conclusion that  
the Republicans of all sorts will have thirty  
of the fifty-four members in Congress, and  
the Democrats and their allies will have the  
remaining twenty-four. Full returns may  
add one and possibly two to the Democratic  
column, and there is even talk of the elec-  
tion of two Greenback Democrats in Iowa.  
If these figures hold true the Democrats  
have made a slight gain thus far in this  
fall's contest for Congress. Tammany Hall  
began several months ago by declaring Mr.  
Hayes' title sacred. The Democratic State  
canon did little better. Nothing was  
said in the resolutions about the unconsti-  
tutional Electoral Bill. Now the Demo-  
crats have been defeated and disgraced  
in recent elections. We do not say that  
the Republicans merit success, but the  
Democrats certainly deserve the defeat they  
have sustained.

THE HERALD  
says: We still wait for full returns from  
the Ohio and Indiana elections, but enough  
is known to show the Democrats, have  
gained two and perhaps three Congressmen  
in Ohio and possibly one in Indiana. A  
notable feature of the result is the poor  
show made by the Greenback National  
party. No one now doubts that if the De-  
mocratic party in Ohio had dropped its silly  
fraud cry and its equally silly inflation ap-  
peal and placed itself boldly on a sound  
currency platform it would have swept the  
State.

THE TIMES  
says: By our special dispatches from Des  
Moines it will be seen the Greenback  
strength in Iowa has turned out to be much  
greater than was anticipated from earlier  
reports. Last returns from Ohio indicate  
a total National vote of not over thirty  
thousand, showing a general tendency  
of the movement in that State towards dis-  
solution as an independent movement, though  
they also point to a gradual amalgamation  
of the Greenbackers with the Democrats.

THE TRIBUNE  
says: The National Party, comparatively  
of such slight importance in Ohio, has  
made its mark in Indiana and Iowa. In  
Iowa the Greenback vote has had an  
unexpected result, destroying the solidity  
of the delegation in Congress by the elec-  
tion of two candidates endorsed both by the  
Democrats and Greenbackers. In West  
Virginia the Greenback vote was large but  
the Democrats obtained all the Congress-  
men.

THE WORLD  
says: The Democrats have no cause to be  
displeased with the results of Tuesday's  
work. They made gains in directions  
where the fight really waged, and strength-  
ened considerably their position for 1880.

INSURRECTION IN SANTA CRUZ

More than 300 Negroes Killed.

National Associated Press to the Star.  
New York, Oct. 10.—Dispatches from the  
Island of Santa Cruz say one hundred es-  
tates between Fredericstad and Constitu-  
tion Hill have been laid waste, and that the  
former is in ashes. Only one white person,  
Major Gillett, was killed. He was Chief of  
Police.

More than three hundred negroes were  
killed on the estate of Onais. Only fifty  
soldiers are on the island, and the popula-  
tion is three thousand whites and twenty-  
two thousand negroes. The troubles grew  
out of the new labor act, requiring the  
negroes to support themselves.

WASHINGTON CITY.

Purchasing Silver Bullion.  
National Associated Press to the Star.  
WASHINGTON, Oct. 10.—The Government  
yesterday purchased one million two hun-  
dred thousand ounces of silver bullion  
on the Pacific Coast at a price much below  
the London quotations.

To the Tomb of Madison.  
The President and party yesterday went  
to Montpelier, the home of Madison. The  
President was welcomed by Colonel John  
Wells, grand-nephew of Madison, and  
responded in a brief speech.

The Brutes of the Border.  
National Associated Press to the Star.  
HOUSTON, TEX., Oct. 10.—Information  
from General Mason and from other sources  
confirms the slaughter on the 5th inst. of  
three girls and a boy named Dowdy, in  
Kerr County, on the head waters of the  
Guadalupe River. The young girls were  
first outraged and then had their scalps re-  
moved and were left with their skulls bare  
and bleeding. The human devils after-  
wards returned and butchered the three in-  
nocents in a most horrible manner, leaving  
their bloody corpses on the prairie near  
their dwelling. The little boy's scalp was  
spared. Mrs. Dowdy missed her children  
at dinner, and on going to look for them  
found the mutilated bodies of the girls and  
boy in the ravine. The largest girl, aged  
eighteen, was still alive, but she had been  
so horribly outraged that she shortly died  
in great agony, without speaking. When  
found her body was full of arrows none of  
which could be pulled out. A company of  
citizens went in pursuit of the Indians who  
have a large number of stolen horses. Gen.  
Mason by telegraph notified Generals Ord  
and Mackenzie and troops have been sent  
in pursuit to intercept the Indians before  
reaching the Rio Grande.

the country. Five deaths here yesterday,  
but few new cases.

HOW McCAFFEY MADE STREETS.  
NEW ORLEANS, Oct. 10.—There was a steady  
rain all day yesterday, but the weather is  
now cooler. Only thirty new cases were  
reported to 6 o'clock p. m.

The investigation of McCaffrey, the Ad-  
ministrator of Improvements, has begun.  
He was charged by the Times of having  
used four thousand cartloads of garbage to  
fill the streets with last spring. Evidence  
is now in from all sides to substantiate  
the charge.

Yesterday was observed as a day of fast-  
ing and prayer, in accordance with Governor  
Nichols' proclamation.

MEMPHIS.  
MEMPHIS, Oct. 10.—Fourteen physicians  
last night reported fifty-seven cases within

NO RELIEF FROM THE FEVER.  
NEW YORK, Oct. 10.—Latest advices from  
the South show no relief from the fever.  
The pestilence is spreading in the infected  
districts of Tennessee, Mississippi and Loui-  
siana. More doctors are called for at  
Memphis.

AID FOR THE SUFFERERS.

A WHOLESALE CLOTHING COLLECTION.  
NEW YORK, Oct. 10.—Early yesterday  
morning between thirty and forty wagons  
started up town to collect what clothing the  
citizens of New York had collected for  
shipment to the suffering victims of yellow  
fever in Southern cities. A large corps  
of messengers were sent ahead of the wagons  
to notify the residents to have their bundles  
ready, and therefore there was no delay  
when the wagons called at houses, and  
they quickly began to fill up with  
packages of all sizes and shapes.

At many houses four, five and six bun-  
dles were handed out, while in more than  
one instance whole trunks full of clothing  
were ready for the collectors. Among the  
articles received were clothing, hats, shoes,  
blankets, shirts, quilts, pillows, &c., &c. A  
party of little girls sitting on the steps of  
the church offered their bonnets, shawls  
and cloaks. Most of the prominent firms  
contributed the services of horses, wagons  
and drivers. The Committee estimate that  
the collection will amount to six thousand  
cubic feet. It will take several days to get  
over the entire city.

ACCIDENTS AND ATROCITIES.

National Associated Press to the Star.  
ROBBERIES AND DEATHS.  
BOSTON, Oct. 10.—Full particulars regard-  
ing the terrible accident at Wallaston Tues-  
day night, gleaned from many passengers  
on the train, lead to the belief that the  
springing of the switch, which was un-  
locked, together with the collision with the  
rear car of the freight train, caused the ter-  
rible accident. Five cars and two locomotives  
were wrecked. The road is all clear  
and in working order. Mr. Kendrick  
thinks the loss of life will not exceed  
twelve. The body of Charles Morgan, of  
the Express, was robbed of an overcoat,  
a walking coat, a gold watch and chain, gold  
sleeve-buttons, gold shirt-studs, a gold  
collar-button, a gold seal-ring, and \$30 in  
money. Not a valuable was left in his  
pockets. Michael F. Wells, a prominent  
Democratic ward politician of this city, is  
among the dead heretofore unreported. His  
body was mistaken for that of L. J. Tobey,  
who was not killed.

THE CLOUDS THICKEN AROUND HAYDEN.  
NEW HAVEN, CONN., Oct. 10.—Rev. Mr.  
Hayden, who was recently under trial for  
the murder of Mary Stannard and dis-  
charged, was again arrested Tuesday even-  
ing by Sheriff Bigbee in consequence of the  
discovery by the State of what is considered  
very important additional evidence against  
him. An examination of Mary Stannard's  
stomach has revealed the presence of enough  
arsenic to poison the whole community of  
North Madison.

THE PATRON OF HIS UNCLE.  
DETROIT, MICH., Oct. 10.—W. T. PARSONS,  
jeweler, was arrested last night on the charge  
of grand larceny. His game was to receive  
a watch to be repaired and inform the cus-  
tomers it had been stolen. Pawn-tickets for  
\$2,000 worth of watches were found in his  
possession.

TURNER LEAVES A DISCREPANCY.  
MONTREAL, Oct. 10.—Wm. Turner, the

Secretary and Treasurer of the Commer-  
cial Building Society, has disappeared, leav-  
ing a discrepancy in the accounts of the  
society of about \$1,800.

FATAL EXPLOSION IN A MINE.  
WILKESBARRE, PA., Oct. 10.—J. Lewis,  
George Taker, John Williams and James  
Ruanne were at work together in a distant  
chamber of the Prospect shaft, Tuesday  
night, when a sudden explosion of the fire-  
damp took place. The miners were hurled  
against the side of the gangway and their  
bodies frightfully mutilated. A large force  
was employed in other parts of the mine,  
and the explosion attracted them at once  
to the scene of the calamity. The injured  
men were dug out of the debris in which  
they were found, and although not lifeless  
they all expired shortly after their removal.

THE SILVER LAKE CORPSE IDENTIFIED.  
NEW YORK, Oct. 10.—The hair and gar-  
ments of the Silver Lake corpse, Mary Ann  
Degan, have been identified by her  
mother, who denounces Edward Reinhardt  
as the murderer of her child, who was the  
wife of Reinhardt. It appears that Rein-  
hardt killed one wife after marrying  
another, proof having been produced that  
six days after he wedded Paulina Dittmar  
the missing woman disappeared.

KILLED BY HOOP-POLES.  
SYRACUSE, Oct. 10.—Mrs. Delia King was  
killed at Oneida yesterday afternoon, dur-  
ing the storm, by a stack of hoop-poles be-  
ing blown down on her.

DIED FROM HIS INJURIES.  
BOSTON, Oct. 10.—James Gilfeather, Chief  
Baggage-master on the Old Colony Railroad,  
died at 8 o'clock this morning at the Hospi-  
tal, from injuries received in the accident  
on Tuesday.

lan, of Cooper County, was elected perma-

nated: For Judge of the Superior Court, A.  
F. Denny; Register of Land, M. J. Nor-  
ville; Superintendent of Public School,  
Rodwick Baldwin; Railroad Commissioner,  
J. B. Tracy.

cross has been nominated for Congress by  
the Republicans of the Tenth District.

cans of the Thirty-third District have nomi-  
nated H. Van Aernam for Congress.
